---

To my patients,

This note is to inform you that I will be retiring from the practice of medicine on 9/17/2026. I have attached a list of Board-Certified Allergists/Immunologists who will be accepting my patients below. I would strongly recommend establishing with another physician, either one of those stated or a physician of your choice, prior to my date of departure. As I have many patients who are on continuous therapies, I state this both to ensure a continuity of care and in recognition is the fact that I have a staff to deal with record transfer until my departure.

Attached to this note is a Request of Transfer Form authorizing my office where to send your records. If one does not wish to persue another consultant until after I leave, then I would recommend that you contact the office as the date approaches to learn the details of record storage and acquisition. Electronic transfer of records is free. Paper records will involve a 75cent/page copying fee.

You may contact any of the physicians noted below. I would encourage you to go on-line and to read their professional biographies and details of their respective practices.
